CAREER OBJECTIVE

A passionate and dedicated 15-year-old Full Stack Developer with hands-on experience in modern web technologies. Seeking opportunities in Computer Science and Software Development to apply my skills in building real-world applications and continuously grow as a developer.

ABOUT ME

I started my development journey at the age of 13 by enrolling in the Modern Web and Mobile App Development course at Saylani Mass IT Training (SMIT). Over one year, I successfully completed the program and gained hands-on experience with various technologies. I have continued to grow my skills by working on real-world projects and expanding my knowledge in both front-end and back-end development. I am always excited to learn, collaborate, and take on new challenges in the tech world.
